Day Is Past When One Goes to the Theater in the Evening Coat and Skirt—Kind of Evening Wrap to Choose Depends on One's Income—Velveteen Suitable—Recipe for Potato Rolls—Two Excellent Salad Recipes—Few Timely Hints for the Housekeeper.

THE EVENING WRAP

There are few women who do not feel the need of an evening wrap of some sort. The day is past when one goes even to the theater in the evening in coat and skirt. This fashion, like most others, has good sense back of it, as the head of most of our theaters fairly demands a cool dress. Thus if one does not wear full evening dress, there is usually the dainty house frock with low cut neck as an alternative.

Just what kind of a wrap to choose for evening depends upon one's social demands as much as on one's income. If your use of evening dress is limited chiefly to the occasional theater or concert it is wiser to have a dressy coat that is not too elaborate to be worn on the street in the daytime or even to the office a second or third season.

The best model for such a coat is one of the stylish straight line models cut so it may button tight to the throat or turn back in revers for warmer days. If becoming a pattern with long shoulder flaps is perhaps a bit more dressy, but the stout woman rarely looks well in such a cut.

Four yards of forty-four inch material should make such a coat, and the same amount of silk for lining. Davy, chiffon, broadcloth, or one of the heavy ribbed bayadere cloths would be warm and serviceable and have the merit of dyeing well if one gets a "dressed" color for a first season wear. Such a model would also be good in corduroy, which being about half the width of the cloths, however, does not cut so good advantage. Velveteen is suitable for such a coat if one does not need to wear it for general use; but in such case a distinctly evening wrap is more stylish.

RECIPES

Potato Rolls.

A quart of flour, four eggs, a tablespoon of lard, one yeast cake dissolved in warm water, heaping cup of potatoes mashed soft and beaten light with cup and a half of warm milk, a teaspoonful of salt, and a quarter cup of sugar. Beat the eggs light, sift the salt with the flour, melt the lard and mix with the sugar in the potatoes. Make a hole in the middle of the flour, pour in the milk, the mashed potatoes, the yeast, and the eggs; knead well and set to rise over night. Early in the morning knead again, make into rolls, and set close together in a pan for an hour's rising. Bake in a steady oven. Send to table hot and break, not cut, apart.

Potato Salad.

Two medium sized onions, one-half cup of chopped lettuce, 5 cents' worth of celery, two hard boiled eggs. The above should all be chopped fine. Then add six medium sized potatoes, which have been boiled the day before, chopped in large pieces, a small piece of butter melted, pepper and salt to taste. Just before serving pour a 10 cent bottle of salad dressing, which has been thinned slightly with cream, over the salad, and mix thoroughly.

Salmon Salad.

One can salmon, four sour pickles finely chopped, three hard boiled eggs, one level teaspoon mustard, one tablespoon sugar, one tablespoon but-

ter, two tablespoons cream or milk, six tablespoons vinegar, one raw egg, pinch of salt and pepper. Remove all skin and bone from the salmon and flake it fine, then add chopped pickles and boiled eggs. Stir the mustard and sugar together, then add the butter and cream or milk, the raw egg and vinegar. Cook until quite smooth, stirring all the time. Pour this cooked mixture over the salmon just before serving. Serve on crisp lettuce leaves.

Brain Bread.

Set a soft sponge at night as for white bread; in the morning take two cups of bran, moisten well with cold water, and let it boil for twenty minutes. When lukewarm add this to two cups of the white sponge; also add one-half cup of molasses, one cup of raisins, two tablespoonfuls of lard, and salt unless the white sponge has already been salted. Mix stiff with white flour and knead as you would white bread. When light place in pans and raise to double its bulk; bake one hour. This will make four one pound loaves. Is nice for lunches, sandwiches, etc., besides being healthful.

HINTS FOR THE HOUSEKEEPER

For Stains on Marble. To remove stains from marble, apply a solution of gum arabic, letting it remain on until it dries, when it can be peeled or washed off.

A Curtain Hint.

A quick and easy way to slip a rod through curtains is to part the end of the rod, put a thimble on the end, and the rod will slip through quite easily without tearing the curtain.

When Cleaning Windows.

To prevent windows from steaming when cleaning them, apply a small quantity of glycerin over the polish with a soft cloth. Rub briskly and lightly until the glycerin is well rubbed in.

Hot Water Bottles.

To mend a hot water bottle, the following is a very good plan: Place a small patch of tailor's mending tissue over the hole and moisten with chloroform, and so continue until five or six patches have been applied. The chloroform dissolves the tissue and makes the patch firm.

Steel Grates.

The way to keep steel grates from rusting is to clean the steel first in the usual way and then to rub it over with unsalted lard. This should be left on it for a few minutes and then wiped off and the steel polished with a soft duster.

The latest Novelties in Up-to-Date Christmas Presents at Lowe's.

BONHAM COMPLETES TRIAL.

Washington, D. C., Dec. 17.—The new destroyer Bonham has completed her standardization trial off Delaware breakwater, averaging for five runs 29.81 knots an hour.

The Bonham was built at Philadelphia and her contract speed is 29.50 knots.

CHIFFON AND LACE FOR DANCING.

Gold and turquoise are here the predominant colors, the blue being used in the form of a soft chiffon like satin for the bodice and skirt. The flimsy and skirt flounce are of gold lace and over the flounce is another of gold colored gauze, edged with pink roses.

Both gold and blue are dull and seem to harmonize rather than contrast, making effective the girle of black velvet with its gold and rhinestone ornaments.

DANISH BROTHERHOOD

DANCE, Eagle's Hall, Friday evening, December 19. Admission 50c couple. Extra lady 25c.

ARRESTS ARE MADE IN BUDD CASE

San Bernardino, Cal., Dec. 17.—Four arrests, made almost at the same time today by peace officers in different parts of southern California, formed a sequel to the arrest of Orville O. Budd in Salt Lake last week. Sheriff J. C. Ralph of San Bernardino is now seeking Robert Williams and Robert Lithgow, mining men, who are in the desert. Those under arrest are Mrs. Florence Budd of Long Beach, wife of O. O. Budd, Everett Burroughs, his brother, R. E. Fisher, a deputy constable of Long Beach, and William Wobig, a city fireman of Pasadena.

Charges against the six are of burglary in connection with the theft of \$5000 worth of jewels from Mrs. Ida Morgan at Lima, a desert town. On the night of March 9, Budd and Mrs. Morgan, wealthy widow of "Gold Dust" Morgan, were surprised in a room at her mine at Lima. Budd was manager of the mine. The party which surprised them was made up of the six now under arrest or being sought. Mrs. Morgan and Budd were covered with revolvers and a flash light photograph of them was taken. It is charged that the jewelry was taken at this time.

Entrance to the mine house was made under cover of an attempt to obtain evidence for use in a suit brought by Mrs. Budd against Mrs. Morgan, in which the former asked \$50,000 damages for the alienation of her husband's affections.

L. N. Wheaton, mayor-elect of Long Beach, who made his campaign for office on a "reform" ticket, was attorney for Mrs. Budd and is declared by Constable Fisher, one of the quartet under arrest, to have dictated every move made by Fisher at Lima.

After the taking of the flashlight photograph, Mrs. Morgan's detective, H. J. Raymond, the demand was made that the wealthy widow pay \$30,000 for the dropping of Mrs. Budd's suit, and for keeping the picture and other evidence out of the courts. On this basis, Raymond declares that attempts to extort money from and blackmail his client were made. It was not until three weeks after the Lima affair, however, that Mrs. Morgan decided to take action by offering a reward of \$500 for the arrest of Budd, a reward earned by a Salt Lake patrolman last Thursday.

J. J. Arbols, detective for the district attorney, after investigating the episode, has declared that the entire matter was a "frameup" and that Budd was a party to the plan to take the flashlight. Mayor-elect Wheaton of Long Beach and other attorneys have been engaged by Mrs. Budd and her friends to represent them.

"Gold Dust" Morgan left his widow a large portion of his millions. He was a widely known racing man of Pasadena and she was housekeeper at the Maryland hotel when they were married.

NEW TROTTING RULES HAVE BEEN ADOPTED

Chicago, Dec. 18.—Record time in a single heat of a trotting race will not constitute a new record if the horse does not win the race and will not affect the horse's class, according to an agreement on rules made yesterday by the National Trotting association and the American Trotting association after two days of conference.

The new rule provides that a horse must win at least one race be-

fore he can be advanced to a higher class.

The same distance rules henceforth will govern both associations. The two organizations will hold their annual meeting the second week in February, the National Association in New York and the American Association in Chicago.

The associations agreed that all fines and penalties should be given to injured and needy drivers.

YELLOW PINE SOCIETY TO STOP MONOPOLY

St. Louis, Mo., Dec. 18.—The Yellow Pine Society, which was formed here today for the purpose of preventing yellow pine manufacturers from entering into any agreement in restraint of trade or limiting competition, was launched by A. J. Eddy of Chicago, at a meeting of the executive committee of the Yellow Pine Lumber Manufacturers' association here yesterday.

The plan of the society is to gather and distribute information concerning only prices, quotations and sales which have been closed. The members are forbidden to file any information concerning future plans or future prices.

COL. HUDSON BUILDING

S. W. Corner 24th Street and Hudson Avenue.

An ideal office building centrally located and thoroughly fireproof and modern in every respect. The system of light and ventilation has been the object of special care and the commodious offices will have all the comforts and conveniences of present day needs and tenants will have the additional advantages of safety, security and sanitation. With the view of making this building the permanent business home of desirable tenants the rental rates have been made very reasonable and attractive. The building will be ready for occupancy on or before January 1, and reservations may be made now. Apply to J. H. Knauss, Room 15, Commercial National Bank Building. —Advertisement.

GERMAN EXHIBIT SCHEME ABANDONED

Berlin, Dec. 18.—The collapse of the German parliamentary movement in favor of official participation in the Panama-Pacific exposition at San Francisco was followed today by the dissolution of the committee which had been formed to organize a great non-official exhibit. The bureau of information for those desiring to exhibit is to continue in existence, but otherwise the scheme for a collective German exhibit is dead.

WOMAN WANTED TO REPAIR FLAGS

Washington, Dec. 18.—Historic battle flags of the United States in the museum at West Point military academy are sadly in need of repair and the civil service commission is endeavoring to find an expert needle woman to mend them. These ancient colors are very valuable. Most of them are to continue in existence, but otherwise the scheme for a collective German exhibit is dead.

The work of repairing these flags will be very difficult because in most cases the material has become brittle that it almost falls to pieces if handled roughly. The older ones are especially fragile and in the opinion of the commission, it will require the most expert workmanship to put them into condition.

An open competitive examination will be held to obtain the services of the right person for the task.

DIRECTIONS GIVEN FOR USING RED CROSS SEALS

That there may be no mistakes or wrong impressions in regard to the Red Cross seals that go on sale today, directions have been issued, explaining where they may and may not be used. It is to be emphasized that the seals are not good for postage and will not carry any kind of mail matter, although any kind of mail matter will carry them. If the following instructions are followed, there will be no delay or confusion resulting from the use of the seals.

Red Cross seals should, in accordance with order No. 5920 of the post-office department, be affixed to the reverse side of domestic mail matter and not on the address side of any packages that are going through the mails. They may be placed anywhere on matter going by express. As many seals may be used on the back of a letter or package as desired. Care should be exercised in sending merchandise through the mails not to place seals over the strings with which the package is tied, since this seals the package against inspection and subjects it to first class postage rates.

Red Cross seals may be used on the reverse side of mail matter sent to Austria, Germany, Great Britain and most of the British colonies, except India and Australia, Guatemala, Uruguay and Portugal, refuse to admit mail bearing nonpostage stamps. Certain European countries will return to the sender any mail bearing Red Cross seals on the address side. Red Cross seals may be used on the face of checks, on bills, on legal documents and on any commercial paper. These Christmas seals are not good for postage. They will not carry any mail matter, but any kind of mail matter will carry them.

WRIGHT'S PATENT NEARLY FOOL-PROOF

New York, N. Y., Dec. 18.—In commemoration of the first power flight ever made by a heavier-than-air machine, Orville Wright was given a reception last night at the Aero Club of America. Ten years ago Wilbur and Orville Wright made their first flight in an aeroplane at Kitty Hawk, N. C., the former remaining in the air just 59 seconds.

Orville Wright announced last night that his recently invented stability device would make the aeroplane as nearly fool-proof as anything could be and that it was more accurate and reliable than any aileron. He is now simplifying the contrivance and hopes to have it completed by next spring. The Aero club presented him with a resolution of esteem.

AMERICAN EXPRESS WANTS LOWER TAX

Madison, Wis., Dec. 18.—Stating that its net earnings would show a decrease of \$800,000 this year, the American Express company appealed today to the tax commission to make its tax assessment conform to new conditions.

Counsel cited that the stock of the company, which sold two years ago at 268 and a year ago at 164 is now at par, and said the parcel post system had contributed largely to bringing about this condition.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Thickness and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not awful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so natural, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agents, A. R. McIntyre.

REVERSED

"Is the speedometer on an auto to tell how fast it is going?"

"No, son; it is to tell how slow it is going."—Judge.

Print-o-Type For Sale

PREMIER BATTING HONORS FOR RIGGERT

Chicago, Dec. 18.—Long distance hitting was a feature of batting in the American association during the 1913 season, according to the official averages issued by President Chivington here today. Premier honors among the sluggers went to Riggert of St. Paul, who made a total base count of 289, leading the league in home runs with an even dozen and making 23 triples, also a year's record.

Chappell of Milwaukee (later with the Chicago Americans) was the virtual leader of the hitters with an average of .349 for 85 games.

FRANKLIN LAWBOOKS SOLD TO NEW YORK

Philadelphia, Dec. 18.—A rare set of law books printed by Benjamin Franklin were purchased here today by the New York state library for \$115. The documents, which consisted of 17 folios executed between 1759 and 1764, were part of collection of Robert F. Skutch of Baltimore, and are considered among the best specimens of Franklin papers in existence.

BUILDING WRECKED BY BOMB EXPLOSION

Chicago, Dec. 18.—Windows in buildings within a radius of a block were shattered early today when a bomb was exploded under the front porch of a two-story frame building in West Twenty-third street, injuring a 14-month-old baby and wrecking the front of the structure. Three Italian families occupy the house.

These boxes rent for \$2.00 to \$4.00 per annum and will save you considerable worry and possible loss.

We also issue Letters of Credit and Travelers' Checks available in any part of the civilized world. Consult our officers regarding your financial requirements. They will be glad to help you.

4% ON SAVINGS COMPOUNDED QUARTERLY

TERRIBLE ITCHING OF SKIN TROUBLE

Small Red and Yellow Spots on Leg. Covered with Dry Scale. Had to Walk Floor Nights. Cuticura Soap and Cuticura Ointment Cured.

R. F. D. No. 3, Clarkfield, Minn. — "My trouble was of long standing. It started with some small red and yellow spots about the size of a pin head on my leg and every morning there was a dry scale on top covering the affected part and when those were falling off the itching was more than I could stand at times. The first year I did not mind it so much as it was only itching very badly at times, but the second year it advanced all around my leg and the itching was terrible. I had to be very careful to have my clothing around the affected part very loose. At night time I often happened to scratch the sore in my sleep. Then I had to stand up, get out of bed and walk the floor.

"Then I read the advertisement of Cuticura Soap and Ointment and I wrote for a sample and got it. To my surprise I was feeling relief after the second application. So I got a cake of Cuticura Soap and a five-cent box of Cuticura Ointment and when I had used them I was nearly over the itching, so I got another box and that healed it all up so it looked smooth and fine, but I kept on with the Cuticura Soap for six weeks and the cure was complete." (Signed) S. O. Gordon, Nov. 20, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidney or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a teaspoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weaknesses.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which anyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

AUTO REPAIRING At Prices to Defy Competition

We are located in a low rent district, our expenses are light, therefore we are in a position to do your repairing much cheaper than anyone else. Give us a trial and be convinced. All work guaranteed.
